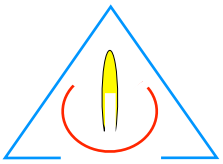
What is your word?



www.abc-code.com

write your word in here:

which are capital letters: put a point below - which are Greek letters: put a dot over it

your word now looks like this - you can write the capitals in red and the greek ones with dot above

and hier the same written down vertically:

here you put in the basic meanings

and here comes your text that contains the basic meanings in a meaningful context. Important: you give the topics, because only you know what's it all about …
